

CHAINLOCK

Reusable Locking Tie

TREES + VINES + STAKES + TRELLISES AND MORE!

INSTALL GUIDE

Always wear safety glasses when cutting and installing Chainlock.

1

Insert one end through the link in the chain and twist it to lock securely.

2

Using a pair of scissors, carefully cut off any excess chain.

3

Enjoy the versatility of Chainlock Reusable Locking Tie!

HELPFUL TIPS

Chainlock is great for storage! Round up cords and bundle them with Chainlock.

Tree / Landscaping Use:

- Secures trees and vines to stakes and trellises
- Will not cut into tender new bark or vines
- Hang drip irrigation lines

Tree Maintenance Warning:

This product does not expand with tree growth. It is the responsibility of the installer to determine the necessity for continued application each season.
